

UNRAVEL: FOR CHURCHES

UNRAVEL **FOR** CHURCHES

INVESTING IN YOUR MEN, LEADERS,
AND GREATER COMMUNITY

Thank you for your interest in Unravel!

We are so excited you are here.

One thing we've found to be true in life is that direction determines destination. Through Unravel, our destination is a lifetime of **GROWTH** in men's lives, vocations, relationships, and faith.

As men, we all have things we do extremely well. And we all have an area (if we're honest, several areas) in which we are stuck. Unravel is designed to help men in all facets of their lives – the good, the bad, the ugly, the unexamined, and the important. Whoever they are. Whatever they believe. Wherever they are on their journey.

If you're reading this, you likely want more for the men in your community. You may wish they were more involved. You may wish they were more mature. You may wish they were better prepared to serve and lead and model lives of excellence, purpose, and faith.

Our commitment to the men, leaders, and churches who participate in the Unravel process is that they'll become better equipped to meet the demands of their reality, with

- a clearer picture of who they are and who they're called to be
- a greater sense of purpose
- motivation for the road ahead
- practical skills to help them get there, and
- concrete next steps to take.

Here's a quick rundown of Unravel – and what it might unlock for you and the men around you.

Unravel I: EQUIP is a group environment for men who take their future seriously and want to make huge strides spiritually, relationally, professionally.

Through a series of readings, assignments, and time together, men build greater awareness of their strengths, weaknesses, calling, and next steps. Everything flows from the Bible, and draws from a number of teachers, pastors, scholars, and leaders.

FORMAT:

Unravel I is a twelve month commitment, with groups meeting once per month for three hours.

- Verses // Memorize Proverbs 1, learning three verses each month.
- Books // Read a book each month, and come prepared to each meeting with takeaways and application points.
- Disciplines // Focus on a specific spiritual discipline each month.
- Prayer // Share prayer requests and commit to pray for each other throughout the month.

LEARNING GOALS:

With Isaiah 6:1-8 as a framing verse, Unravel invites men to

- Experience disintegration and reintegration
- Pursue excellence
- Become better leaders
- Ask what God wants of/for them
- Move from a singular to a joint vision for their life, and
- Activate the two great commandments.

OUTCOMES:

Our desire is that men will emerge from Unravel with

- A God given vision
- A practical framework for moving that vision forward
- A consuming passion for the great commission
- A mission statement, and
- A personal testimony.

Unravel is open to and designed for any man on any journey.

OTHER GROUPS/OFFERINGS:

Beyond Unravel I, churches can continue to equip and support men through a range of next step groups and accessible entry points.

STORIES FROM UNRAVEL ALUMNI:

Unravel really took me to the next level. It builds your capacity to handle the challenges of life. It stretches you to develop discipline and excellence. I've become more competent as a husband and father as well as a professional.

- ERIC

Participating in Unravel has completely transformed my life. If you are a man who desires to be a leader and you want to grow in all aspects of your life, I recommend you sign up. This group will equip you with techniques that are vital to success and will provide you with an unbreakable foundation.

- MALCOLM

There's something here for any man on any journey. The foundation of Unravel is universal. It's biblical. There is this freedom to come as you are. There is such encouragement to own your mistakes and experience redemption.

- DEVON

Before Unravel, I was isolated and drowning in my circumstances. I needed fellowship, acceptance, and guidance. Unravel gave me that and more. It challenged me upward out of my situation and into my future with Jesus. I learned humility, responsibility, and transparency in ways that I did not know were possible. I felt safe, heard, and encouraged by my leader and the men in my group. I'm becoming the man that I thought I could never be but always desired to be.

- BRAD

I do not enjoy men's ministries. Unravel proved to be unlike any of them. When I first started Unravel, I was just a guy. When I finished, I felt like a man. I had leveled up. I was living my life on purpose.

- MICAH
